

Valued Customer:

Karp Associates, Inc. (Karp) is committed to protecting our environment, and realizes that minimizing the environmental impact of our manufacturing processes is critical to the future of our planet. In order to meet this commitment, Karp has taken the following environmental initiatives:

- Karp access doors are manufactured with a minimum of 35% post consumer recycled materials.
- Karp access doors are manufactured with a minimum of 35% post industrial recycled materials.
- Karp Finishes all of its access doors with high quality, durable rust resistant powder paint finish that is EPA approved. Karp's powder paint contains no Volatile Organic Compounds (VOC) or Hazardous Air Pollutants (HAP), and therefore, no toxic fumes are emitted into the atmosphere.
- Karp access doors are manufactured in Melville, New York.
- Approximately 90% of the steel used in the manufacturing of Karp access doors is extracted from the United States, and approximately 10% is imported.

Whether it is in the manufacturing process or packaging materials, Karp Associates, Inc. continuously explores new ways to be environmentally responsible, in order to create a healthier environment for our community, employees, partners and our clients.

If you should have any further questions, or require further information about Karp's environmental initiatives, please do not hesitate to contact our Customer Service Department at (718) 784-2105.
